

Plastic Molding MANUFACTURING

America's Technology Molder

**Innovative Multi-Material
Solutions from Design to Completion
Crafted by Expert Engineers
Tailored to Your Project**

Services

- Injection Molding
- Two- Shot Molding
- Over Molding
- Insert Molding
- Mold Making
- Mold Maintenance
- Low and High Cavitation Molds
- Mud Frames and Cavity Inserts
- Mold Repair

Value Added Services

- Multi-Component Assemblies
- Custom Colors
- Part Joining
- Bonding
- Pad Printing
- Decorating
- Hot Stamping
- Electro-Mechanical Assembly
- Laser Engraving
- Machining
- Milling
- Welding

Industries

- Industrial
- Medical
- Electronics
- Defense
- Transportation
- Consumer

Locations

4 Strategic Facilities providing Local Services with National Support.

- Hudson, MA
- Berlin, CT
- Lancaster, PA
- South Bend, IN

Injection Molding

- Four plants in the US
- 100+ presses
- Ranging from 30-620 tons
- Manufacture as small as .75 oz. up to as large as 80 oz.

Since 1968 we have proudly provided manufacturing solutions in the USA.

Core Molding Capabilities

Cleanroom Molding

Insert Molding

Two Shot Molding

Secondary Services

Overmolding
